Subway/RT Strip Maps

All TTC Surface routes connect with the Subway/RT system. Specific connections for all routes and branches of routes are shown on the Subway/RT Strip Maps to the right and below. A pink background indicates a transfer is required to cross between Subway/RT and these routes. A purple background indicates a G.T.A. Pass or additional fare is required to cross between Subway/RT and these routes.

Rapid Transit Lines and Stations

- Transit Parking
- Transit Parking with Passenger Pick-up and Drop-off
- Places of Interest
- Pacific Western Airport Express Bus Stops
- Arrows indicate the direction of travel around a loop.
- Highlight notes with arrows indicate midday routing changes.
- VIA Rail Connection
- Major Connection Points for two or more transit companies
- Logos indicate which transit companies serve the Connection Point
- Connection Point boxes in the lake indicate route numbers serving the Connection Point

How To Read Bus Route Numbers and Notes

A '1' indicates that all branches run along that portion of the route. For example, 87A indicates the presence of all branches: the 87A, the 87B, and the 87C.

A '1' separates each branch in a route box where only some of the branches follow that portion of the route. For example, 87A indicates that the 87A and 87A are present; the 87B is not. Alternatively, 87A,B indicates the presence of the 87A and the 87B, but not the 87C.

A rectangular box indicates the end point of a route or an express route. A pointed box is angled to show the direction of travel.

A yellow rectangular box indicates the end point of an express route or the end point of an express branch of a route. Note that route lines are not shown for express branches on regular routes.

A yellow pointed box shows the direction of travel on premium express routes and on Route 191.

Scarborough RT and Connecting Routes

| Regular   | Limited Service   | Rush Hour   | Express   |
