Name the New Subway Train Contest

The New Subway Trains are coming!

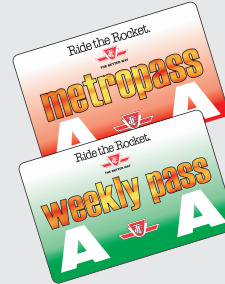

The TTC is ordering 234 new subway cars to replace our oldest trains, now approaching 30 years of age, the end of their life. The first of the new cars will be arriving in 2009 and we want to have the best name ever for our new arrival.

BUT we need your help.

The first subway car, in 1954, was named "The Gloucester" after the place in England where it was built. But after that, we gave them names like "M1", and "H1", "H2", "H3", and ... well, you get the idea. The last train model ordered in 1993 was named "T1"!

Surely you can suggest a better name for the new subway trains!

You could win:

- **A transferable adult Metropass for a year** (value \$ 1098)
- **One of five monthly adult transferable Metropasses** (value \$ 99.75 each)
- **One of five adult transferable Weekly Passes** (value \$ 30 each)

How to Enter: Complete entry form on the back of this brochure.
