Explanation of mode/note:

Ridership information is from detailed passenger counts that are taken approximately every other year.

Many other counts are taken each year but do not include all-day ridership information, and are not included here.

Service levels and costs are current to April 2011.

Buses are used on all routes, except as otherwise noted.

SC -- Streetcars are used on this route

1 -- This route also provides service outside of Toronto, under contract, which is not included in these figures.

2 -- These routes provide a single service over much of their length.

3 -- One or more periods of service, from Monday to Friday, were eliminated from this route, in May 2011; ridership and costs in this table predate these service changes.
